PROJECTS

FINWISER

Founder (01-2023)

- Started a free community for learning investments and stock market.
- Trained 50+ people.

RESEACH BASED INTERNSHIP WITH AMAZON

Research based Project (06-2022)

- Train a Intent Classification model in English and test it in different languages using zero shot transfer learning.
- Amazon Massive dataset (51 languages)
- Compared BERT, m-BERT, distilBERT

CARDIOVASCULAR DISEASE PREDICTION

Machine Learning Project - [LINK](#) (01-2022)

- Used multiple algorithms to predict cardiovascular disease
- Compared various algorithms- Logistic Regression, Decision Trees and Random Forests
- Achieved 91.7% accuracy

BREAST CANCER DETECTION

Deep Learning Project - [LINK](#) (07-2021)

- Used CNN to detect the presence of cancer
- Improved accuracy using transfer learning models such VGG-16 and ResNet50
- Achieved 94.8% val-accuracy

ACHIEVEMENTS

- Qualified NDA 142 (2018) - AFSB, Varanasi
- Alumni Club Coordinator (Hosted Alumni Meet 2022)

HOBBIES

- Chess (State Level)
